### Helpful Information

- Pre-recorded videos are recommended to be 2 to 15 minutes of length, but could be longer depending on content (student sessions are only 2 hours in length)
- Live Zoom sessions can be a maximum of 15 minutes with Q/A – Depending on live session availability in your cluster, please check with your Co-Chair about opportunity for longer session
- There are free or low cost resources out there to make fun videos using Powtoon
- Keep the focus on the career
- Make the experience fun, engaging and educational
- Utilize polls and Q/A during live Zoom sessions
- Pre-record a panel on Zoom and upload as a prerecorded video
- Check with your company (look on your company's YouTube page) for existing videos and materials
- Think about the hands-on aspect of an in-person event and demonstrate the activity for the students

\*Via PowerPoint or app, but needs to be in video format or compatible with JA JobSpark Platform. PowerPoint slide presentations can be used as an enhancement to your experience to house pictures and information, but having a basic slide desk with mostly words, is not recommended.
