

JA BizTown® Jobs Table of Contents

The information, in this section of the Curriculum Guide, is related to the activities identified for **completion in Unit Three**, Work Readiness. Included in this section are the following:

JA BizTown Staffing Model

JOBS-2

The teacher will use this Staffing Model to identify the appropriate number of students that can be assigned daily to an individual business and for recording the names of the student to a job and **personal account number**. This staffing information is necessary for the assignment of **student jobs following the job application process**. **The teacher must send this document to the JA Area Office no later than one week before the on-site simulation visit.**

JA BizTown Job Descriptions

JOBS-26

These job descriptions, organized by business, are referenced in the curriculum as a means of introducing students and teachers to the jobs available within each business. Students should have access to these job descriptions, along with the Classified Ads, prior to initiating the job application process and procedures (i.e. copy and post descriptions on the bulletin board or another classroom display). Teachers may find the descriptions helpful when assigning students to specific jobs. Job descriptions can also be found online for teachers viewing.

JA BizTown Elections

JOBS-41

The teacher may choose to introduce elections as a component of job placement for *JA BizTown*. These documents provide suggestions to facilitate classroom elections as well as various forms including ballots, voter registration, and campaign filings.

JA BizTown Interview Process

JOBS-49

Teachers who choose to include student interviews in the job placement process will use this information. Templates are provided to assist volunteers in facilitating student interviews.

JA BizTown Employment Letter

JOBS-54

The teacher may choose to use this document as a means of informing students of their job assignments.

Note to teacher: Electronic files of all templates in this section are provided on the JA Indy web site for ease of use and customization, www.jaindy.org.

Directions: Our office will inform you of the businesses assigned to your school. Each student must be assigned to a business and a position. To do this, locate your group size among the six categories found at the top of the table, and only assign the number of positions indicated in this category's column. If your total student number requires you to go to the next group size (column), distribute your remaining students evenly throughout various JA *BizTown* businesses. Record the assigned student employee's name next to the business positions listed below. Remember, you may not be assigning every job, depending on your group size. (Assign students **only** to those positions marked with an "X" for your group size.) Call your JA director to request further guidance if needed. **Please scan and email to dawn@jaindy.org no later than one week prior to the on-site visit.**

JA BizTown® Jobs Elections

Some schools may opt to hold elections for selected *JA BizTown* positions. These elections are not required; however, the following guide is offered to assist teachers, should they decide to use this option.

The in-class activities can vary greatly depending upon teacher interest and time. Following are suggestions:

1. Elections can be held while still using the interview process. If elections are scheduled first, do not release the results to students until the interviews are completed. All candidates should participate in interviews and indicate 2nd and 3rd choice jobs, if not elected.
2. Announce the positions that will be elected positions for your class visit to *JA BizTown*. Candidates should declare their interest in running for for a position by completing an "**Intent to Run for Office**" form. A deadline for submitting the "Intent to Run for Office" forms to the classroom teacher should be shared with students.
3. Depending upon the number of students interested in each elected position, the election ballot may be created immediately, or it may be preferable to hold a "primary election" prior to the "general election." For example, there may be 3-4 students in several classrooms of the school interested in becoming Mayor. Therefore, it may be preferable to have each classroom elect one candidate to represent them in the "general election." The entire grade level would then elect a Mayor from the winners of the "classroom primaries."
4. Establish a calendar that includes the following benchmarks:
 - a. Due date for "Intent to Run for Office" forms
 - b. Due date for "Campaign Managers" forms
 - c. Deadline date for Voters Registration
 - d. Date of Classroom Primary (optional)
 - e. Date of General Election
5. Some or all of the following positions may be used:
 - **Candidates** (*Mayor and/or other positions*) Refer to the Job Descriptions found in Tab 7, *JA BizTown Jobs* page 11, of the Curriculum Guide for details concerning the Mayor and other *JA BizTown* positions.
 - **Campaign Managers** (*one per candidate, or a team of individuals*) These individuals assist the candidates during the election process by helping with slogans, posters, speeches, etc. Their primary job is to help the candidate win votes!
 - **Voter Registration Clerk** (*might have assistants, or teacher can perform this role*) This individual maintains the list of eligible voters prior to Election Day and is responsible for verifying that each voter has registered before casting his or her vote.
 - **Election Board:** This individual is responsible for overseeing the election calendar, creating and enforcing campaign rules, and generating the ballot.
 - **Campaign Press Team:** This team assists the Campaign Manager and candidate by providing ideas for ads, press releases, posters, etc.

JA BizTown® Jobs Elections

-
- **Speech Writers:** *These individuals assist the Campaign Press Teams.*
 - **Voting Process Innovators:** *These individuals create and manage the physical ballot process with Election Board approval.*
 - **Campaign Ad Creators and Developers:** *These individuals help the Campaign Press Team, if necessary (posters, radio, TV, etc.).*
 - **News Reporters:** *These individuals seek the news and write an article for the JA BizTown Newspaper, etcetera.*
 - **Ballot Counters:** *These individuals help the Election Board by counting and verifying votes.*
6. Post Classroom Election Rules-- There should be no negative campaigns and speeches. Posters and advertisements should be pre-approved by the teacher. Citizens are encouraged to limit financial spending or only use available classroom materials.
 7. Distribute "**Intent to Run for Office**" forms (see template on the following page) with a required date for filing.
 8. Allow the campaign process to proceed for 2-3 days. This process may include posters, campaign buttons, and/or speeches. All must operate within the class rules regarding expenses and appropriate behavior. (Refer to Campaign Manager template form.)

Note: An issue that may surface is avoiding a "popularity contest" during the election process. Consider having candidates write a speech, but have another person, or the teacher, read the speeches anonymously. (This system encourages citizens to vote on content and ideas, rather than on specific individuals.) Ask citizens to cast their ballots. After the ballots are collected, each candidate can deliver his or her speech in front of a group for a public speaking exercise.
 9. Ask citizens to return to page 3 in the Citizen Guide. The Voter Registration Clerk (or teacher, if no Clerk is appointed) should initial all **Voter Registration Cards** and record the voters' names on the **Official Voter's List**. (Refer to template form.) Only those whose names are recorded on the list will be allowed to vote. Registration is a required responsibility for those desiring to vote.

Note: Please **do not** cut the **Voter Registration Card** out of the Guide. Later, in Unit 4, citizens will cut out the card and place it with their simulation paperwork for their JA BizTown visit.
 10. A Ballot Template is provided for the election voting process. A Referendum Ballot also is offered as an optional exercise if the class has a question it would like to consider. Ultimately, teachers have the final say regarding the election winners.

All candidates should publicly thank those who supported them. They and their campaign teams should clean up all campaign materials.

JA BizTown Speechwriting Tips

Effective speeches have a *theme* that flows through the beginning, middle, and ending of the speech. Themes help the audience to remember the speech and find meaning in the points being made. For example, some themes begin with an inspirational quote that is mentioned again near the end of the speech.

1. When writing a speech, think about the message you want to give. *The purpose of my speech is...*
2. Tell *JA BizTown* citizens that you know what will be required of you at *JA BizTown*. (Be certain you have read your job description.)
3. Give reasons why citizens should support you in the election. *I think I am the best candidate for my position because...*
4. Remember, your main goal is to have *JA BizTown* citizens vote for you on Election Day! So, at some point, ask citizens for their votes.
5. Always thank your audience for their time and attention.

JA BizTown® Jobs Interview Process

When planning interviews, it is recommended that schools attempt to recruit adult volunteers to fill the role of interviewers. Ideally, it would be best to recruit business volunteers who hold jobs similar to those that the students are seeking. Being interviewed by adults not known to the students, is extremely effective. Each interview should take approximately 3 - 5 minutes per student.

We also recommend that, if at all possible, the volunteer interviewers be asked to assist you with Job Placement. Their thoughts, coupled with your knowledge base, can lead to some interesting job placements. Don't be afraid to assign students jobs that you might not have considered prior to the interview process. It is not uncommon to see a side of some students that you have never seen before.

Following are several suggestions for the interview process:

- Multiple adults may be seated individually in separate rooms, or spread out within a large room, so that many students can be interviewed at one time. This allows enough space a private interview without disrupting other applicants.
- Prearrange a job fair setting, and station volunteers in separate areas that coincide with the jobs available in *JA BizTown* (i.e. media, government, retail, manufacturing, etc.). Students can rotate from area to area based on the job preferences listed on their Job Applications.
- Request one or two adult volunteers to meet with each student over the course of several days.
- Suggested alternatives for scheduling:
 - Provide each student with the date, location and time of the interview. On that date, students will be expected to quietly excuse themselves from class, proceed to the interview, and return when the interview is completed. Students are responsible for watching the time and not being late or "missing" their appointments. This method provides little classroom disruption as only 1 – 2 students will be gone at any one time.
 - Allow the entire class to interview "at once," if an adequate number of volunteers is available.

We recommend that you provide interviewers with a list of suggested questions and a form for recording applicant responses and volunteer interview impressions. These forms may prove helpful during the job placement phase of *JA BizTown* preparation. Two interview templates follow for your consideration, or you may use the Job Interview Evaluation Form located in Unit 3 Lesson 3 of the Curriculum Guide.
