AN INTRODUCTION TO JUNIOR ACHIEVEMENT

OUR MISSION

Junior Achievement of Central Indiana's mission is to empower young people to own their future success. JA educates and inspires young people in the areas of career exploration, employability/life skills, entrepreneurship, financial literacy and philanthropy through hands-on, experiential learning opportunities for children in preschool through high school.

JA JOBSPARK OVERVIEW

JA JobSpark is a two-day, hands-on career expo that focuses on 8 industry clusters to educate young people on future careers in demand, when they graduate. This initiative combines classroom learning prior to and after attending the event. JA JobSpark is meant to "spark" an interest in students and get them excited for their future. Companies from all over Indianapolis, partner to bring their tools, equipment, machines and hands-on activities to the event for students to experience. Students will have an opportunity to talk with Industry Professionals (volunteers) about their careers. Students will learn about the skills needed for their future careers and will be able to try out the equipment that is used on those jobs daily. Students will have a better understanding of the courses they will need to take in high school, a track for post-secondary, and a clear career pathway for what they find they are interested in. JA JobSpark is one of many JA programs on career exploration that is offered to students throughout their academic experience, beginning in elementary school. Upon completion of this initiative, students will have real insights into the industries that interest them and a better understanding of the skills needed and education required for future careers. JA JobSpark introduces students to a variety of professions and industries allowing them to better understand what it takes to get a job and develop a career.

INTRODUCTION

The activities included in this curriculum are designed to help you and your students prepare for JA JobSpark. The curriculum consists of four required sessions, (three before and one after JA JobSpark) and supplemental learning resources and activities. With a wide variety of industry representation at JA JobSpark, the students' preparation is key to the day's success. The work they do in the classroom will prepare them for the experiences they will have at JA JobSpark. The final required session takes place after JA JobSpark. Each of the classroom sessions are designed to take approximately 45 minutes to complete. Additionally, there are supplemental activities to complete if you have time before or after the event. It is also important to note that each of the sessions provided in this curriculum meet the Indiana State Standards provided on page 3.

Throughout the curriculum, teachers should reinforce how English/language arts, mathematics, social studies, science, and work-readiness skills are used every day at work. Emphasis should also be placed on the role of teamwork at school and on the job. Additionally, teachers should highlight the goal of lifelong learning and its importance to continued success in the workplace. The JA JobSpark program does not need to end after the last session in this curriculum. The conversation about career readiness is continuous throughout their school career.

HOW TO IMPLEMENT THE STUDENT WEBPAGE

All student curriculum can be accessed via this link: <u>www.jajobspark.org/curriculum</u>. Teachers can post the entire webpage on the student's e-learning platform then complete each session during one classroom period.

Another option is to post the links you want the students to have during a specific session on your e-learning platform. The teacher can decide which materials a student will submit. All materials are in the form of a fillable PDF. They can be taught in class, submitted in a Dropbox, emailed or printed. Teachers can use any engagement platform for classroom or small group discussions.

JA JOBSPARK GOALS

Through classroom activities and participation at the JA JobSpark event, the following topics will be discussed:

- Career Assessment and Self-Awareness
- Career Clusters and Employability Skills
- Academic and Career Planning
- Goal setting and Reflection
- Use of the JA JobSpark Virtual Platform

INDIANA STANDARDS

The JA JobSpark sessions and resources meet the Indiana Standard - CTE: Exploring College and Careers 0493.68. Exploring College and Careers provides students opportunities to explore their personal goals, interests, and aptitudes as they relate to career concepts, including the 16 national career clusters and Indiana's College and Career Pathways, and determine what they want and expect for their future. Students learn about various traditional and nontraditional careers and gain an awareness of the level of education and type of training needed for a variety of careers and occupations. Students build good study habits, expand their technology skills, develop or update their graduation plans, and complete a college and career readiness exam. Virtual and real-life opportunities are provided for students to observe and explore various careers. Along with the current academic standards for this subject, the Science/Technical Studies Content Area Literacy Standards are incorporated with the expectation of a continuum of reading and writing skills development.

Employability Skills Standards are covered in the JA JobSpark curriculum. The standards are based on the National Employability Skill Standards from the Office of Career, Technical, and Adult Education (OCTAE), the Indiana Department of Workforce Development's Employability Skills Benchmarks, the Governor's Work Ethic Certificate, and the Indiana Department of Education's Social Emotional Learning Competencies. The standards are arranged within four key areas: Mindsets (M), Work Ethic (WE), Learning Strategies (LS), and Social and Emotional Skills (SE). Below are the standards that are covered in the JA JobSpark lessons. 6-8.M.1, 6-8.M.2, 6-8.M.4, 6-8.WE.5, 6-8.SE.4, 6-8.LS.1, 6-8.LS.2, 6-8.LS.4, 6-8.LS.5, 6-8.LS.6, 6-8.LS.7, 6-8.LS.9, 6-8.LS.10, 6-8.LS.11, 6-8.SE.4, 6-8.SE.3, 6-8.SE.4

SESSION 1

JA JobSpark Introduction and Career Assessment

OVERVIEW

Students will be introduced to JA JobSpark and complete an online career assessment (Indiana Career Explorer, Naviance, or Xello) to identify their skills and interests and how to apply them to a career plan. After completing the assessment, students will review their individual results and talk through the categories with their teacher and classmates. The results of the career assessment will help prepare students for session two when students will further explore the results.

OBJECTIVES

- Students will be introduced to the JA JobSpark program.
- Students will complete a career assessment and review assessment results.
- Students will explore and identify their skills and interests.

PREPARATION

- 1. Review the JA JobSpark student curriculum on the website, <u>www.jajobspark.org/curriculum</u>, so you can provide students with an introduction to the JA JobSpark program. Save this site to your favorites. All student materials can be accessed via this link. You can print any materials from this link, if a hard copy is desired. Post this link on the student's e-learning platform so they can see all sessions, or you can post the direct links from this session only. This is your choice.
- 2. Identify your school's preferred online career assessment tool (Indiana Career Explorer, Naviance, or Xello are recommended, **choose only one**); ensure that you have any necessary log-in information so that students can create and/or access their accounts.
- 3. Practice the registration process for Indiana Career Explorer, Naviance, or Xello to ensure that you can help students register and access the assessments. Links are on the student webpage in session one.
- 4. Take the selected assessment to ensure you understand the functionality and can assist your students.
- 5. Students will need computer access to complete the assessment; Naviance, Indiana Career Explorer, or Xello.

MATERIALS

- Make sure session one is posted on your e-learning platform, all materials and links for students are located there.
- Student login information and passwords are needed to access the online career assessment. These may
 be provided by your school or a new account may need to be created by each student, depending on the
 assessment tool that you are using (Naviance, Indiana Career Explorer, or Xello).
- Charged computer
- Discussion platform your school uses
- Pen or pencil

INSTRUCTIONAL OUTLINE

This lesson is designed to take 30-45 minutes.

Note: Submissions for student work can be your choice; downloaded by a student and sent to a Dropbox, printed off and turn in hard copy, emailed, etc. All student materials are in the form of a fillable PDF.

- When introducing JA JobSpark, explain to the students that they will be participating in an initiative hosted by Junior Achievement of Central Indiana, an organization that empowers young people to own their future success. Students will interact with a variety of industry professionals and experience hands-on activities related to careers and career opportunities.
- Show students session one, posted on their e-learning platform.
- Share with students the key words and their definitions.
- Share with students that they will be taking a career assessment (Naviance, Indiana Career Explorer, or Xello). Provide login information or instructions on creating an account, if students don't already have one. This information may be supplied by your school.
- Once students take the online career assessment, they will complete the career assessment reflection. When this is completed, please instruct the students if you would like them to submit.
- If time allows, have students share their results and their reaction to the results in the classroom.
- Possible Discussion Questions:
 - What surprised you about your results?

– Did your results align with what you were thinking for a future career?

NOTES

SESSION 2

Career Clusters and Employability Skills

OVERVIEW

In this session, students will see why it is important to develop a career plan. They will learn what a career cluster is and how the JA JobSpark companies fit into a career cluster. Students will take a deeper dive into the companies that will be attending JA JobSpark. They will do research on companies that fit into their career cluster of interest. Students will also see which employability skills are needed in certain career clusters. They will complete a self-assessment of their own employability skills.

OBJECTIVES

- Students will see why it is important to develop a career plan.
- Students will be able to recognize career clusters and identify those that match their skills and interests.
- Students will be aware of the career clusters and how the JA JobSpark companies fit into those clusters.
- Students will gain knowledge of employability skills needed in the workplace and assess their own
 employability skills strengths and weaknesses.

PREPARATION

- 1. Visit <u>JAJobSpark.org/curriculum</u>, if you have not already done so. If you are posting specific links to your e-learning platform for this session, post what you desire.
- 2. You can download and print off any materials from the student link, if a hard copy is desired.
- Watch the video on the student link under session two, "Developing a Career Plan." A discussion question is provided at the end of the video. Share any other discussion questions that may be applicable for your students.
- 4. Familiarize yourself with the 8 career clusters and employability skills.
- 5. Look at the JA JobSpark companies attending the event, become familiar with who is attending and their career cluster area.

MATERIALS

- Make sure you have posted the website or links in session two to your e-learning platform. All materials and links for students are located in this button.
- Charged computer
- Pen or pencil
- Earbuds
- Discussion platform your school uses (if desired).

INSTRUCTIONAL OUTLINE

This lesson is designed to take approximately 45 minutes.

Submissions for student work can be your choice; downloaded by a student and sent to a Dropbox, printed off and turn in hard copy, emailed, etc. All student materials are in the form of a fillable PDF.

- When introducing JA JobSpark, explain the key words and concepts.
- Tell students they will watch a video, "**Developing a Career Plan**." There is a discussion question at the end of the video. Facilitate a discussion with this question and add any other applicable questions. You can also post the question from the video on a discussion board, so students can post their responses.

Discussion Question: What advice did you learn from this video about how to be successful in your career?

- Show the 8 career clusters and jobs associated with those clusters. Have students take a moment to look at a cluster that interests them and the jobs contained in that cluster. Students can share a job that interests them and why.
- Show students the employability skills visual from Indiana Department of Workforce Development. Give examples of various careers and have the students share the skills they think are needed for that career.
- Have students complete the employability skills self-assessment. When this is completed, please instruct the students if you would like them to submit. If printing off, please select print to scale before printing.
- Employability Skills Role Play (Optional Activity)

 The scenario cards are posted on the student link.
 Students can act out the scenario in class and create a resolution to the problem, or you can discuss the scenario with the students and have them share a resolution to the problem.
- Have the students click on the link for the companies attending <u>JAJobSpark.org/students</u>. Students will research them and complete the questions in the link for exploring companies and career clusters activity. A hard copy can be downloaded and printed if desired. Students are instructed to pick 5 companies, each in a different career cluster. Please instruct the students if you want them to submit their answers.

EMPLOYABILITY SKILLS self-Assessment JA JobSparŘ

INSTRUCTIONS: Read each statement below about your employability skills. Mark the column that best represents you.

Record examples of when you demonstrated this skill or possible ways to strengthen it. Examples can come from your daily routine; they don't have to be from a single, isolated story.										
I need to learn more about this employability skill. I'm not sure if I'm good at it or not.										
This employability skill is a weakness of mine. I need to work on it.										
This employability skill is a strength of mine. I already do this pretty well.										
Name:	 I have a strong work ethic, even when no one is looking over my shoulder to be sure I'm doing the right thing. 	I am good at influencing others or being a leader in a group when it is needed.	When someone points out a weakness of mine, I use the information to improve myself without being negative to that person.	 When facing a challenge, if I have done everything I can do and still don't have a solution, I find the person who can help me and ask for help. 	5. When facing change, I can be flexible.	I prioritize and plan my tasks so that I meet deadlines.	7. I am organized.	8. When under pressure, I am able to stay calm and focused on the task at hand.	I generally have a positive attitude. I am pleasant to be around.	 Regardless of how my own day is going, I remain polite to those around me, using "please," "thank you," and "I apologize" as necessary.

11. List the employability skill you would like to learn more about and strengthen before interviewing for a job. How do you plan to learn more about this employability skill? How do you plan to strengthen this employability skill? 12. On Your Own: Consider asking a close friend or family member to rank you on the same employability skills covered in the questions above. Compare their ranking to yours and see if it changes which employability skills you would like to learn more about and which ones you would like to improve.

ROLE-PLAY CARDS EMPLOYABILITY SKILLS

SCENARIO:

1

Alexa got a job at a clothing store and has just completed her first week. Her boss has noticed that Alexa checks her phone constantly, every time it rings or chimes, even when she's helping a customer.

Which employability skill does Alexa need to improve?

Act it out or discuss to create a resolution to the problem.

2 SCENARIO:

Rohan has been working at a fast-food restaurant for six months, taking customer orders. He has always worked hard and had a cheerful attitude. Recently, he has been staying up late doing schoolwork, and he's tired. His boss notices that Rohan has been impatient and rude to customers.

Which employability skill does Rohan need to improve?

Act it out or discuss to create a resolution to the problem.

3 SCENARIO:

Tiana got a job helping out at a community center. She went through training, but she still doesn't know the daily routine or where things are kept. She's embarrassed to ask because she doesn't want to look helpless or lose her job.

Which employability skill does Tiana need to improve?

Act it out or discuss to create a resolution to the problem.

5 SCENARIO:

Sarah got a summer job as a camp counselor. Every week, the counselors meet to brainstorm games to play with the campers. The camp director notices that Sarah always shares her ideas by saying, "I have an even better idea than yours."

Which employability skill does Sarah need to improve?

Act it out or discuss to create a resolution to the problem.

SCENARIO:

Lorenzo got a job at a local store. He works with two other employees to unpack boxes and stock shelves. His boss notices that Lorenzo finishes his work quickly and then wanders around the store, takes breaks, and distracts other employees. He never offers to help unpack additional boxes.

Which employability skill does Lorenzo need to improve?

Act it out or discuss to create a resolution to the problem.

SCENARIO:

6

Max got a job as a junior referee for the Youth Soccer League. The head referee notices that Max is late to every game, which delays the start of the game and affects all the following games. Max also forgets to wear his referee uniform and bring his whistle.

Which employability skill does Max need to improve?

Act it out or discuss to create a resolution to the problem.

SESSION 3

Preparing for JA JobSpark

OVERVIEW

Students will prepare for their experience at JA JobSpark. They will learn more about career clusters and education needed to work in certain careers. Students will learn about the importance of asking questions and engaging with the JA JobSpark Industry Professionals. Tips will be given on what to do on the day of JA JobSpark.

OBJECTIVES

- Students will understand the format of JA JobSpark and expectations for the day.
- Students will learn why it is important to ask questions and will identify and/or create questions for the JA JobSpark Industry Professional.
- Students will gain an understanding of the education level needed and salaries earned in certain jobs.

PREPARATION

- 1. Post the student website, if you have not already done so. If you are posting specific links to your e-learning platform for this session, post what you desire.
- 2. You can download and print off any materials from the student link, if a hard copy is desired.
- 3. Review the printed program book, also located on the webpage in session 3, so you are aware of the information provided. You may plan some discussion questions around information in the program book.
- 4. Watch the video, "Asking the Right Questions." View the discussion question at the end of the video. Prepare any additional questions for discussion.

Discussion Question: Why is it important to ask good questions? What question did you hear in the video that you want to ask during JA JobSpark?

MATERIALS

- Make sure you have posted the website or links in session three to your e-learning platform. All materials and links for students are located in this button.
- Charged computer
- Pen or pencil and earbuds
- Discussion platform your school uses
- Printed Student program book (electronic link also available)

Please note that this session requires use of the JA JobSpark program book.

This session should be completed after September 6th. Students received a printed program and an electronic copy of the program book is available on the student link in this session.

The information in this session should be shared close to the day of JA JobSpark so students are well organized and prepared for the day. We suggest doing this session the Thursday, Friday, or Monday prior to your JA JobSpark day 9/15, 9/16, or 9/19

INSTRUCTIONAL OUTLINE

This lesson is designed to take approximately 45 minutes.

Submissions for student work can be your choice; downloaded by a student and sent to a Dropbox, printed off and turn in hard copy, emailed, etc. All student materials are in the form of a fillable PDF.

- Introduce the key words and concepts.
- Ask students to view the printed program book or link. After the students have a few minutes to look over the book, answer any questions they may have about what is in the book. Ask students to share what they found interesting in the book. The students will complete the questions posted in the link, Take a Look at the Program Book. You can let the students know how you prefer this to be submitted, if desired.
- Tell the students to watch the video, "Asking the Right Questions." There is a discussion question at the end of the video. Tell the students to use the **Any Question is a Good Question** page to guide their questioning and create their own questions to use on the day of JA JobSpark.
- Share the JA JobSpark tips and expectations for the day. These are very important to share, in order to make your time on the day of the event more productive.
- Share the final logistical details for JA JobSpark. These details may include format for the day, dress code guidelines, expectations for behavior and cell phone usage and other final instructions. Remind students to be respectful to the volunteers and industry professionals and to come ready to try new things. Remind students they should not be texting, gaming, listening to music on their phones and need to obey all posted signs and rules from the staff.
- Be sure to provide information on: Where to meet What to bring What time to meet What not to bring How to exit

SESSION 4

Reflection and Follow Up

OVERVIEW

Students will reflect on what they learned before and during JA JobSpark. Students will also explore goal setting and develop initial career goals. Students will have the opportunity to complete a survey in order to provide Junior Achievement feedback. Students will be given the opportunity to do a deeper dive on the virtual platform about the industries that interested them most.

OBJECTIVES

- Students will set goals to identify next steps in their academic and career planning.
- Students will understand the importance of decisions made in high school and how they can better prepare for a successful career path.
- Students will write a thoughtful thank you note to a JA JobSpark Industry Professional.
- Students will provide feedback and express their thoughts and feelings on the JA JobSpark program by completing the survey.
- Students will use the virtual platform to expand on their JA JobSpark experience.

PREPARATION

- 1. You can download and print off any materials from the student link, if a hard copy is desired.
- 2. Complete the teacher survey.
- 3. Complete the JA JobSpark virtual platform practice demo so you can answer student questions.
- 4. Remind students to complete the student survey.
- 5. Know your school's access code to enter the virtual platform. You may need to ask your principal or Building Coordinator for this information. Share this access code with your students.

MATERIALS

- Charged computer
- Pen or pencil
- Earbuds (optional)
- Discussion platform your school uses
- Visit <u>JAJobSpark.org/curriculum</u>, click the blue/yellow button to enter the virtual platform, use school code to access.

INSTRUCTIONAL OUTLINE

This lesson is designed to take 30-45 minutes.

Submissions for student work can be your choice; downloaded by a student and sent to a Dropbox, printed off and turn in hard copy, emailed, etc. All student materials are in the form of a fillable PDF.

- Ask students to spend time completing the personal reflection and goal setting worksheet. Tell students to submit, if you prefer.
- Ask students to share the observations they made from JA JobSpark, especially anything that surprised them or changed their mind about a direction they were going in their career exploration.
- Share with students that success takes planning and career planning is a key component.
- Students will complete the survey in the link provided under session four. Tell students Junior Achievement needs their feedback, so they can make JA JobSpark the best event it can be for students.
- See student tips for virtual platform.
- JA JobSpark Certificate of Completion download and complete the certificate for students.
- If time allows, continue to use the virtual platform and/or visit the supplemental materials.

- You can check out **Career Paths, Resources and Live Sessions** (recorded) in each cluster that you visit.
- Visit the **Help Desk** from the "hamburger" menu in the top left to access a platform user guide and the JA JobSpark student program.
- If you lose your connection to the virtual platform, please log back in and continue learning.
- If you have trouble accessing the JA JobSpark virtual platform, let your teacher know right away.
- Visit a minimum of 5 out of the 8 clusters (or all 8 if possible).

A THANK YOU GOES A LONG WAY!

Did you know that hundreds of volunteers from the business community, work all year long on planning JA JobSpark? They volunteer their time to put together an amazing learning opportunity for you to experience. Our volunteers are committed to educating you on careers that will be in demand when you graduate from high school. They hope to inspire you to learn more about careers/industries that interest you.

SEND A THANK YOU NOTE TO A BUSINESS VOLUNTEER

Think about your favorite industry or career that you learned about today and write a thank you note to a volunteer or company that provided an activity. If you know their name or company name, please mention that in your thank you note. A thank you note is always appreciated and can make you stand out after meeting someone. It shows you appreciate their time and their interest in educating young people.

EXAMPLE

Dear Ms. Dant,

Thank you for sharing at our JA JobSpark. I can tell you like your job and enjoy sharing information about what you do. You gave me a better understanding of what it is like to be an accountant at BKD. The activity you showed us about how to budget my finances will be useful in everyday life. Your time was so appreciated. I learned so much from you.

I plan to continue my career research about your company and the job you have. It is my goal to some day be an accountant.

Sincerely, John Smith

 \checkmark

You can email your thank you note to JAJobSpark@jaindy.org. This will go to a Junior Achievement staff member and then it will be forwarded to the correct person.

SUPPLEMENTAL RESOURCES

OVERVIEW

Teachers can share the supplemental resources with the students to give enhanced learning opportunities. The focus is to help students in learning the importance of building their personal brand, creating a resume, job interview dos and don'ts, and finding INDemand Jobs.

OBJECTIVES

- Students will learn the importance of building their personal brand. They will reflect on their own personal brand image.
- Students will create a resume using the resume tips, sample, and template provided.
- Students will be introduced to the dos and don'ts in a job interview.
- Students will gain exposure to "INDemand Jobs."
- Students will have the opportunity to write a reflection essay about JA JobSpark.

PREPARATION

- 1. You can download and print off any materials from the student link, if a hard copy is desired.
- 2. View the links in the supplemental resources to familiarize yourself with the content.

MATERIALS

- Charged computer
- Pen or pencil
- Earbuds
- Discussion platform your school uses

INSTRUCTIONAL OUTLINE

Submissions for student work can be your choice; downloaded by a student and sent to a Dropbox, printed off and turn in hard copy, emailed, etc. All student materials are in the form of a fillable PDF.

 Introduce the key words and concepts that are appropriate for your lesson.

Building Your Personal Brand

- Have students watch the "Building Your Personal Brand" video.
- Facilitate the discussion question at the end of the video. If desired, instruct students to submit their responses as a hard copy in class or on a discussion board via your e-learning platform.
- Go over the guide for "What I can Do Today, to Help My Tomorrow." Have a classroom discussion about things you can do today that will help you build your personal brand for the future.
- Complete the personal brand reflection sheet. Share with a parent, friend, or teacher to get their opinion on your personal brand image.
- Let students know that it is always appropriate to write a thank you note to anyone that takes time out of their day to help students learn. Students can use the template and look at the example thank you to write an email thank you. Junior Achievement will forward any email thank you notes to the appropriate person. JAJobSpark@jaindy.org (add attention to Molly Baines or Cindy Kicinski).

Resume Writing

- Share with students the **tips on writing a resume** and the sample resume.
- Have students complete their own resume with the template provided.

Job Interview Tips

 Review the job interview dos and don'ts. Site any appropriate examples from your experiences or other experiences about interviewing.

INDemand Jobs

 The students can view the InDemand Jobs link www.INDemandjobs.com. This will give them an idea of jobs that are needed for the future. Facilitate a discussion on why these may be INDemand Jobs, what jobs interest them, and skills or education level needed to obtain one of these jobs.

JA JobSpark Reflection Essay Assignment

 Assign students a reflection essay to submit. Guidelines and details are included in the student link. Ask students to submit for a grade, if desired.

TIPS FOR WRITING A RESUME

A resume is a written summary of a person's education, skills, and work experience. There is no one right way to write a resume, but below are some tips for making a great first impression in writing.

STICK TO THE BASICS

Look professional by using white or creamcolored paper and a simple font. Colored paper is inappropriate. Avoid busy visuals like clip art and colored ink. Keep it brief; one page is usually enough.

FOCUS ON ACCOMPLISHMENTS

Present yourself! Even if you haven't had a paid job yet, describe previous experience or skills and list any awards or leadership roles. Include clubs and activities.

BE SPECIFIC

As you list previous positions or activities, include specifics such as names and dates. This sets you apart from the crowd. Keep in mind, many companies have software that searches keywords to preview your resume, so if it does not find specific words, it may eliminate you as a candidate.

CHECK THE FACTS

Do not estimate dates and titles. If you are unsure of an employer's title, dates of your previous jobs, or any other details, don't guess, look it up instead. Stretching or estimating information will come back to haunt you.

INCLUDE THE RIGHT INFORMATION

Include accurate and honest information that presents you in the best possible light.

KEEP IT PROFESSIONAL

Leave off hobbies that don't reflect professional job skills, your height, weight, religion, family, or any other personal information off your resume.

PROOFREAD, PROOFREAD, PROOFREAD

Always use spell-check. It identifies many typos but not all. Proofread your work several times, and ask a friend or family member to review it as well. If an employer finds typos, it could be enough to remove you from consideration.

ACTIVITY: Choose a job you might be interested in and begin composing a draft of a resume using the following page as a template.

JA JobSpark REFLECTIVE ESSAY

Complete a reflective essay about JA JobSpark. Your teacher will determine how many paragraphs to include for your reflective essay.

WHAT IS A REFLECTIVE ESSAY?

When you write a reflective essay, you write your thoughts about something, rather than writing a summary or description of that something itself. A reflective essay will give the reader a deeper understanding of what you experienced at JA JobSpark. It shares your feelings and what you think about the experience.

Think about JA JobSpark. Then, write about how it makes you feel and how it relates to your life. Below are some reflective questions and sentences to include in your essay.

I was surprised that...

This impacted me by....

JA JobSpark made me feel....

How will it effect how you plan for high school?

How has it impacted your life?

What did it make you think?

How did you react to a topic or career choice?

What did you like about it?

Why should JA JobSpark take place?

What did you dislike about it?

I never thought about...

I would change...

If you were planning JA JobSpark...
